

Dale L. Forrister, Ph.D.

STENGL-WYER POSTDOCTORAL SCHOLAR

Department of Integrative Biology, University of Texas at Austin
2415 Speedway, Austin, TX 78712

 dale-forrister |  dale-forrister.github.io |  dale.forrister@utexas.edu |  Google Scholar

Education

University of Utah

Salt Lake City, UT

PH.D., ECOLOGY AND EVOLUTION

May 2022

Dissertation: Exploring the Phytochemical Landscape in Space and Time: Implications for the Ecology and Evolution of Tropical Trees and Their Insect Herbivores.

Advisors: Dr. Phyllis D. Coley & Dr. Thomas A. Kursar

Lewis & Clark College

Portland, OR

B.A., BIOLOGY

May 2014

Professional Appointments

2024–Present Stengl-Wyer Postdoctoral Scholar, Department of Integrative Biology, University of Texas at Austin (Advisor Dr. Brian Sedio).

2022–2024 Postdoctoral Research Fellow, Smithsonian Tropical Research Institute, Republic of Panama (Advisor Dr. S. Joseph Wright).

2021–2022 New Frontiers Graduate Fellow, National Center for Supercomputing Applications, University of Illinois Urbana–Champaign.

2016–2021 NSF Graduate Research Fellow, University of Utah.

2016–2017 Global Change & Sustainability Center Fellow, University of Utah.

2014–2016 Research Technician (Field & Laboratory), School of Biological Sciences, University of Utah.

Fellowships, Grants, & Awards

FELLOWSHIPS

- 2024** *Stengl-Wyer Postdoctoral Fellowship*, University of Texas at Austin
- 2021** *New Frontiers Graduate Fellowship* – Blue Waters petascale computing system, NCSA, U. of Illinois
- 2019** *Thomas A. Kursar Memorial Fellowship*, University of Utah
- 2016** *NSF Graduate Research Fellowship (GRFP)*
- 2016** *Global Change & Sustainability Center Fellowship*, University of Utah

GRANTS AND AWARDS

- 2026** *Stengl-Wyer Endowment Educational Grant*, (Co-PI) - Integrating metabolomics into graduate student research in the life sciences, College of Natural Sciences, U of Texas at Austin
- 2026** *2026 CNS Catalyst Grant competition*, (Co-PI) - Functional Annotation of Plant Metabolomes Through Antimicrobial Screening, College of Natural Sciences, U of Texas at Austin
- 2022** *George R. Riser Award for Outstanding Graduate Research*, University of Utah
- 2020** *National Geographic Society & Microsoft AI for Species Discovery* – “The A,B,C’s of species discovery through Artificial Intelligence, Botany and Chemistry” (Co-PI - with Coley, Endara, Guevara)
- 2020** *Nexus Pilot Grant – Sustaining Biodiversity: Machine learning + molecular networking for drug and natural product discovery*, U. of Utah
- 2020** *Global Change & Sustainability Center Research Grant*, U. of Utah
- 2019** *Coley-Kursar Field Research Award*, U. of Utah
- 2019** *NSF Graduate Research Internship Program (GRIP)* – Smithsonian National Museum of Natural History
- 2019** *CLAS Pre-dissertation Field Research Grant*, U. of Utah
- 2018** *Lewis and Clark Fund for Exploration and Field Research*, American Philosophical Society
- 2018** *CLAS Pre-dissertation Field Research Grant*, U. of Utah
- 2018** *Global Change & Sustainability Center Research Grant*, U. of Utah
- 2018** *Forest Global Earth Observatory (ForestGEO) Research Grant*, Smithsonian Institution
- 2018** *Sustainable Campus Initiative Fund – Phenology Working Group*, U. of Utah
- 2018** *George R. Riser Travel Award*, U. of Utah
- 2017** *Global Change & Sustainability Center Research Grant*, U. of Utah

- 2017** *National Geographic Young Explorer Grant* (with A. Curbelo Diaz) – honeybee production in Camaguey, Cuba
- 2017** *NSF Graduate Research Opportunities Worldwide (GROW)* – e-phenology, São Paulo State University, Brazil

SUBMITTED PROPOSALS - CURRENTLY UNDER REVIEW

- 2026** National Institutes of Health K99/R00 Career Pathway to Independence Award — *Decoding the Dark Metabolome with Functional Annotation and Predictive Modeling* (PI). Submitted Feb 2026

Software & Data Products

- 2026** **eCOMET** – R package for ecometabolomic analysis: feature harmonization, annotation filtering, and statistical modeling of LC-MS/MS plant chemistry datasets. phytoecia.github.io/eCOMET.
- 2022** **ICIPE Metabolomics Workshop** – open-source workflow and teaching repository for GNPS-based plant metabolomics analyses. github.com/dlforrister/ICIPE_Metabolomics_WS_2022.

Selected Invited Presentations

INVITED SYMPOSIA & COLLOQUIA

- 2026** *Toxicity and Trade-offs: Tropical Tree Defenses Across Rainfall, Nutrients, and Growth–Survival Strategies in Panama’s Forests*. Symposium “Chemical diversity in ecology and evolution of plants.” International Society of Chemical Ecology Annual Meeting, Cornell University, Ithaca, NY, USA.
- 2024** *Diversity and divergence: evolution of secondary metabolism in the tropical tree genus Inga*. Colloquium “Diversification in large dominant plant lineages.” International Botanical Congress, Madrid, Spain.
- 2023** *Diversity and divergence: evolution of secondary metabolism in the tropical tree genus Inga*. Gordon Research Seminar: Plant–Herbivore Interactions, Ventura, CA.
- 2022** *Exploring the phytochemical landscape in space and time: implications for the evolution of tropical trees and species coexistence*. Colloquium “The role of biotic interactions in shaping tropical forest diversity.” Association for Tropical Biology and Conservation, Cartagena, Colombia.
- 2022** *Diversity and divergence: evolution of secondary metabolism in the tropical tree genus Inga*. Colloquium “Evolution in the tropics: 70 years since Dobzhansky.” Society for the Study of Evolution, Cleveland, OH.

INVITED SEMINARS

- 2026** *Toxicity and Trade-offs: Tropical Tree Defenses Across Rainfall, Nutrients, and Growth–Survival Strategies in Panama’s Forests*. PhytochemTalks virtual seminar series.
- 2023** Tupper Seminar, Smithsonian Tropical Research Institute, Panama. *Diversity and divergence: evolution of secondary metabolism in the tropical tree genus Inga*.
- 2022** New Frontiers Initiative Webinar, University of Illinois Urbana–Champaign. *Leafing phenology and insect seasonality in an ever-wet tropical forest*.
- 2020** Conservatorio de Biodiversidad, Universidad Tecnológica Indoamérica, Quito, Ecuador. *Plant–herbivore interactions: plant defense and tropical tree diversity*. (Spanish-language seminar.)

Selected Conference Presentations

- 2025** **Forrister, D. L.**, Diaz, V.[†], Henry, S.[†], Capador-Barreto, H. D., Spear, E. R., Wright, S. J., & Sedio, B. E. *Toxicity and trade-offs: tropical tree defenses across rainfall, nutrients, and growth–survival strategies in Panama’s forests*. Oral. Colloquium “Nutrient addition EXperiments in TROPICAL Forests (NEXtTropics).” Association for Tropical Biology and Conservation, Oaxaca, Mexico.
- 2025** **Forrister, D. L.**, Garwood, N., Donoso, D. A., Valencia, R., Coley, P. D., & Endara, M.-J. *Leafing phenology and insect seasonality in an ever-wet tropical forest*. Poster. Gordon Research Conference: Plant–Herbivore Interactions, Pomona, CA.
- 2023** **Forrister, D. L.**, Spear, E. R., Wright, S. J., & Sedio, B. E. *Ecometabolomics, environmental gradients, and the growth–defense trade-off in tropical trees*. Oral. Colloquium “The role of plant–enemy interactions

in shaping tropical forest communities across environmental gradients.” Barro Colorado Island Centennial Symposium, Gamboa, Panama.

2020 Forrister, D. L., Endara, M.-J., Younkin, G. C.[†], Coley, P. D., & Kursar, T. A. *Herbivores as drivers of negative density dependence in tropical forest saplings*. Oral.

2019 Forrister, D. L., Endara, M.-J., Coley, P. D., Wiggins, N. L., Younkin, G. C.[†], Nicholls, J. A., Dexter, K. G., Kidner, C. A., Stone, G. N., & Kursar, T. A. *Chemocoding as an identification tool where morphological and DNA-based methods fall short: Inga as a case study*. Poster. International Biogeography Society, Quito, Ecuador.

2017 Forrister, D. L., Endara, M.-J., Kursar, T. A., & Coley, P. D. *Does resource competition or pest pressure drive negative density dependence? Evidence from Inga (Fabaceae) on Barro Colorado Island, Panama*. Poster. Ecological Society of America, Portland, OR. (Also presented at Gordon Research Conference: Plant–Herbivore Interactions, Ventura, CA, 2017.)

2016 Forrister, D. L. *Chemocoding as an identification tool where morphological and DNA-based methods fall short: Inga as a case study*. Poster. American Society for Mass Spectrometry, San Antonio, TX.

Teaching Experience

LEAD INSTRUCTOR/INSTRUCTOR OF RECORD

Fall 2026 **Co-Instructor of Record**, *EEB 384K: Chemical Ecology*, a full-semester graduate seminar, Department of Integrative Biology, University of Texas at Austin (with Dr. Brian E. Sedio). Covers the breadth of chemical ecology, from pheromonal communication and plant–insect coevolution to metabolomics-based approaches to community- and ecosystem-level species interactions.

2020–24 **Ecometabolomics Workshop** — creator and lead instructor of an intensive 3-day introductory course in plant metabolomics, delivered internationally:

– 2024 – Smithsonian Tropical Research Institute, Gamboa, Panama. *Spanish*.

– 2022 – International Centre of Insect Physiology and Ecology (ICIPE), Nairobi, Kenya. Materials on GitHub.

– 2020 – Universidad de las Américas, Quito, Ecuador. *Spanish*.

2024 **Experimental Design Workshop**, RAMP-UP Fellows Program, Smithsonian Tropical Research Institute.

2021 **Instructor** – *Conservation Biology in Latin America*, Culture and Language Across the Curriculum (CLAC) section attached to BIOL 3470 Conservation Biology, U. of Utah. *Spanish*.

TEACHING ASSISTANTSHIPS

2021 Teaching Assistant – BIOL 3470 *Conservation Biology*, U. of Utah.

2019, 2018 Teaching Assistant – BIOL 2355 *Field Botany*, U. of Utah.

PEDAGOGICAL TRAINING

2025 *Postdoctoral Teaching Academy*, U. of Texas at Austin. Ten-week cohort program on evidence-based teaching, curriculum design, and active learning pedagogy.

2024 *Certified Field Futures Trainer* – authorized to lead sexual-harassment prevention trainings and facilitate intervention protocols in fieldwork settings (fieldfutures.org).

Mentoring

UNIVERSITY OF TEXAS AT AUSTIN, AUSTIN, TEXAS

2024–present Mentored 2 undergraduate, 1 post-baccalaureate researcher, and 1 graduate student

SMITHSONIAN TROPICAL RESEARCH INSTITUTE, REPUBLIC OF PANAMA

2023–25 Mentored 4 undergraduate researchers; 3 mentored primarily or exclusively in Spanish; 2 resulting in co-authorship. 2 mentees currently pursuing Ph.D. programs; 1 mentee currently pursuing M.S. degree; 1 received NSF Graduate Research Fellowship Honorable Mention.

UNIVERSIDAD DE LAS AMÉRICAS, QUITO, ECUADOR

2018–24 Mentored 4 undergraduate researchers in Spanish; 2 resulting in co-authorship. 1 mentee currently pursuing a Ph.D., 1 pursuing an M.S. degree

UNIVERSITY OF UTAH, SALT LAKE CITY, UT

2016–22 Mentored 4 undergraduate and 2 post-baccalaureate researchers; 3 mentees received co-authorship. 2 mentees currently pursuing Ph.D. programs; 2 mentees received NSF Graduate Research Fellowship; 2 went on to medical school.

Public Engagement & Outreach

2026 **Public Engagement Presenter** – Science Under the Stars. Brackenridge Field Laboratory, U. of Texas, Austin, TX. <https://scienceunderthestars.org/>

2020 **STEM Ambassador Program Fellow** – training in public engagement; led activity on plant compounds and homebrewing.

2020 **INSPIRE Lecturer** – Initiative to bring Science Programs to the Incarcerated, Draper State Prison and Salt Lake County Jail.

2019 **Radio Interview** – “Undisciplined: The Tropical Ecologist and the Microbiologist,” Utah Public Radio.

2018–19 **Pinhead Institute Scholars in the Schools** – visited 6th–9th grade classes at Norwood High School and Paradox Valley Charter School (Telluride, CO) to lead labs on plant defense.

2018 Guest lecturer – Yasuní Research Station, Ecuador. *Insect seasonality in an ever-wet tropical rain forest.*

2017 **Guest lecturer** – São Paulo State University environmental science field course, Serra do Japi, Brazil. *Plant–herbivore interactions in tropical rain forests.*

2016 **Guest lecturer** – AP Environmental Science, Highland High School, UT. *Plant–herbivore interactions in tropical rain forests.*

2016 Granite School District Senior Shadowing Day, U. of Utah.

2012 **Environmental Educator**, Corporación Laguna Verde, Valparaíso, Chile.

Academic Service

2016–present **Manuscript reviewer** – *Proceedings of the National Academy of Sciences*, *Journal of Ecology*, *Oecologia*, *Journal of Vegetation Science*, *Proceedings of the Royal Society B*, *eLife*, *PeerJ*, *Tree Physiology*.

2025–present **Committee Member**, Community, Accessibility and Well-Being (CAW), Integrative Biology, U. Texas at Austin

2025–26 **Postdoctoral Representative** on Evolution Search Committee Integrative Biology, U. Texas at Austin

2021–22 College of Science Graduate Student Advisory Committee – working group on graduate student health insurance, U. of Utah.

2020–21 **Co-Chair**, School of Biological Sciences Graduate Student Advisory Committee, U. of Utah.

2020–21 **Organizer**, School of Biological Sciences annual retreat, U. of Utah.

2020–21 **Chair**, Graduate Student Committee for Retention, Promotion, and Tenure (RPT), U. of Utah.

2016–17 **Co-Chair**, Scientific Speaking weekly seminar series, School of Biological Sciences, U. of Utah.

Professional Memberships
